

## Graduate Opportunities in Business Process Excellence

At PwC Greece, we believe change is the new constant. An enterprise's ability to innovate, adopt new technology and disrupt the status quo is a core capability needed to thrive. We support and guide clients to disrupt their existing business models. Innovative mindsets and human ingenuity are always welcome. This is why we are looking for you.

If you are committed to excellence in client service and passionate about how technology could be an enabler in our digital world, then you are the one!

Currently, we are looking for Graduates to join our Business Process Excellence team in Athens. The team's mission is to help clients understand, reimagine and continuously improve their business processes through business-led, technology-enabled approaches that deliver valuable and long-lasting tangible benefits. Our team supports companies across various sectors (with a focus on Energy) in their transformation journey from strategy to execution to achieve superior customer experience and operational excellence.

### Examples of tasks you will work on as part of the team

- Participate and provide support in an extensive and diverse portfolio of client-facing engagements and initiatives, contributing to the preparation of proposals, project deliverables, reports and presentations.
- Research and analyze challenging subjects related to Energy and cross-industry business operations and technology.
- Participate in client workshops that involve understanding current practices, identifying pain points and improvement opportunities and co-shaping the desired target state.
- Utilize various data sources and methods to analyze clients' current business practices to diagnose issues, comprehend root causes and help develop pragmatic solutions and recommendations for improvement.
- Help clients shape a "fit for purpose" future state by designing target processes tailored to client needs, informed by best practices and powered by technology (e.g. RPA, Workflow Systems, Data analytics etc.).
- Accumulate and apply knowledge of best practice methods for business process modeling, reengineering and improvement (e.g. BPMN, Lean, Six Sigma) as well as business process management systems.

- Support more senior members of the team in delivering assignments efficiently, on quality and on time.
- Develop and nurture working relationships with team members, clients and other stakeholders.

### **What we are looking for**

- Self-motivation for continuous learning and development and a strong desire to work on multidisciplinary teams and projects.
- 0-1 year of previous working experience preferably within a professional services environment or the energy sector.
- Excellent academic background from a top-tier university with a background in Engineering, Computer Science, Management, Mathematics, Statistics or relevant discipline.
- Excellent knowledge of the English language.
- Excellent knowledge of MS-Office applications (MS Excel, MS Word, MS PowerPoint).
- Exceptional collaboration, communication and interpersonal skills and a team-player mentality.
- Commitment to providing high quality work.
- Ability to assimilate ideas and information into elegant written, spoken and visual communications.
- Inherent interest in research and keeping up with the latest trends and a passion for developing innovative solutions.
- Critical thinking, agility and an aptitude for creative problem-solving.
- Military services fulfilled.

### **What's in it for you**

At PwC is all about people, encouraging high performance and quality work. Being part of our team includes:

- 🕒 Hybrid working model

 Competitive total compensation package

 Health and life insurance

 Dress for the day - wear what makes you feel comfortable and dress for your day

 Company mobile phone and laptop

 Extra days of annual leave

 Wellness Initiatives like gym sessions & nutritionist

 Actions Teams eligible to participate (e.g. Running, Trekking)

 Career development opportunities & continuous training whilst learning from a wide range of top professionals and through tailor made training programmes

 Global mobility opportunities

If you're looking for a team that values your work and solves meaningful problems, apply now!

We believe the best work is human-led and tech-powered. If you're keen to apply and need reasonable adjustments or would like to note which pronouns you use at any point in the application or interview process, please let us know.

### **Who we are**

PwC in Greece is the largest professional services firm in the country, with premises in Athens, Thessaloniki, Patras, Ioannina and Rhodes and more than 2000 employees.
