

## Processes and Equipment Inspection & Safety Systems Professional Position

We are looking for a **Processes and Equipment Inspection & Safety Systems Professional** to strengthen our Technical Department in the Asset Management Division. Your call will be to contribute to the technical support to the operating units, to the inspection of processes and equipment, to define pipeline repair methodologies and systems, aiming at a safe, efficient, reliable operation and maintenance of the transmission system (NGTS), the LNG Terminal and DESFA facilities. Your tasks will indicatively include:

- Contribute to the Division's technical matters with respect to guidelines, methodologies, operating methods, and tools.
- Participate in technical activities related to mechanical inspections, cathodic protection, coatings, lightning protection, intrinsic safety, ATEX protection of the National Natural Gas System (NNGS) pipelines systems and plants as well as the LNG Terminal.
- Contribute to integrity inspections, risk assessment, as well as in root cause analysis of accidents, failures, and faults of asset integrity.
- Provide technical support and guidance in the resolution of third-party interferences in the vicinity of pipelines and plants.
- Contribute to the design and implementation of projects initiatives in the disciplines of interest.
- Support the inspection of infrastructure safety and integrity protection systems.
- Participate in engineering studies for the existing facilities and network of NNGTS and LNG Terminal.
- Support the implementation of innovative solutions in coordination with other organizational units.
- Contribute to the drafting of relevant reports by providing the related input needed.

## Qualifications

- Bachelor's degree (Diploma) in Electrical, Mechanical or Chemical Engineering.
- Experience in relevant fields of inspection would be considered a plus.
- Excellent use and command of English language.
- Proficient use of MS Office.

## **Soft Skills**

Accountability, with attention to detail and problem-solving ability | Organized with ability to set priorities | Adaptability and flexibility in the context of cooperation and team spirit
