

Junior Software Developer

ICAP CRIF (previously ICAP S.A. group of companies), with **61** years of successful presence in Greece, Romania, Bulgaria and Cyprus, is **the market leader** in Credit Risk & Business Information Solutions in Southeastern Europe. ICAP CRIF is a wholly owned company of CRIF, a prestigious and innovative international group specializing in information solutions, decision models, outsourcing, software, and consulting services.

*Would you like to join our **Global Technology Division** and work within an international team, collaborating with professionals from various countries?*

We are looking for **Junior Software Developers**, who will be involved in developing software solutions for data acquisition and management as well as designing operational environments and tools in the Cloud.

Requirements:

- BSc in Computer Science/Computer Engineering or relevant field
- Sound interest in coding, AI, software development, and technological innovation
- Good knowledge of programming languages: Java and/or C#
- Familiarity with frameworks like Spring Boot and/or .NET Core
- Database knowledge: PostgreSQL, MySQL, SQL Server
- Interest in working with cloud technologies and project management tools
- Familiarity with Angular, React, or TypeScript, Git, Jira will be considered an asset.
- Strong ability to work in a team, even in international contexts
- Analytical skills, problem-solving attitude and continuous learning mindset
- Knowledge of Agile and Waterfall methodologies
- Proficiency in English (minimum B2 level)
- Military service completed

The Company offers:

- Competitive remuneration package including annual performance bonus
- Private insurance scheme
- Benefits scheme
- Flexibility to work from home some days per week
- A modern, inclusive, dynamic and innovation-driven working environment
- Opportunities to cooperate and exchange ideas with international teams, contributing to global-scale technology projects.
- Continuous personal development opportunities with personalized in class and on the job trainings
- Great career prospects in a fast-growing multi-national organization

All information received will be treated with strict confidentiality.
