

Job title: Engineer for consulting assignments

M-Prime Advisory Services (www.mprime.gr) is a niche management consulting firm that supports transport and logistics intensive companies and organisations. Since its establishment in 2010, M-Prime has achieved a unique record of consulting assignments delivered both in mature and emerging economies around the globe, including Australia, France, Turkey, United Kingdom, Hungary, Russia, India, Brazil and Greece.

We are currently looking for a new colleague to join M-Prime and our office in Athens and focus on providing solutions to challenging projects for our international and local clients. Suitable candidates for the position of associate should

- have graduated from Engineering Schools strictly
- be proficient in the use of English
- be advanced users of MS Excel and MS PowerPoint
- have problem solving abilities, excellent communication and interpersonal skills, ability to engage and interact with clients and teams
- be able to develop deliverables of high quality in various formats.

As an M-Prime team member, you will typically work in a small group of 3 - 5 consultants that focuses on providing high-value solutions to client priorities. Your daily activities include information collection and analysis, development of models, high-profile client interactions, synthesis, development and sharing of recommendations in advanced MS PowerPoint templates.

We offer a rewarding career, attractive remuneration, exposure to international business and the opportunity to provide advice with meaningful impact to leading organisations and enterprises.

If you are seeking for a career in a knowledge-intensive and multicultural environment, you may share with us your CV **in English** to the following email address: info@mprime.gr.

All applications will be treated in strict confidence.
